WORKSHEET 01

Deal security intake

USE WITH CHAPTER 1

Complete in the first two days, ideally during a short call with the buyer's analyst. Everything later is scoped by these answers.

PRODUCT OR DEAL _____ PREPARED BY _____ DATE _____

Buyer and business sponsor	
Reviewer name and role Who reads the answers and writes the recommendation	
Product, plan, and features purchased Must match the quote	
Data we will receive Categories, volume, and source	
Vendor tier assigned	
Mandatory requirements at this tier The gating questions	
Existing reports accepted in place of sections	
Real deadline and decision forum Committee date, not just the form deadline	
How the buyer stores and shares our documents	
Review call Date, attendees	

QUALITY CHECK

- [ ] Tier and gating requirements were confirmed with the buyer, not guessed.
- [ ] The product and plan match the commercial quote.

WORKSHEET 02

Boundary statement

USE WITH CHAPTER 3

Fix what system you are describing before anyone answers from it. Keep the final version to two pages and date it.

PRODUCT OR DEAL _____ PREPARED BY _____ DATE _____

Service and plans in scope	
Hosting provider and regions Can customers choose a region?	
Customer data categories and where each is stored	
Tenant isolation Mechanism, where enforced, how tested	
Administrative paths to customer data Console, database, admin panel, support tools, log search	
Environments Does customer data ever leave production?	
Suppliers that store or process customer data Include monitoring, analytics, support, AI providers	
Exclusions Products, features, or entities not covered	
Version, owner, and review date	

QUALITY CHECK

- [ ] Every administrative path is listed, including support tooling.
- [ ] The data-flow diagram matches this statement and shows the same version number.

WORKSHEET 03

Claim register

USE WITH
CHAPTERS 2 AND 9

One row per recurring security claim. New questionnaire answers start here. Update this register first when a control changes.

PRODUCT OR DEAL _____ PREPARED BY _____ DATE _____

#	Approved claim wording	Status	Scope	Evidence	Owner	Review by

QUALITY CHECK

- [ ] Every status uses the five-term vocabulary from chapter 9.
- [ ] Every claim links to evidence that a reviewer could be shown.

WORKSHEET 04

Evidence index

USE WITH CHAPTER 2

The contents list of your review room. If an artifact is not on this page, it is not current.

PRODUCT OR DEAL _____ PREPARED BY _____ DATE _____

Artifact	Version / date	Owner	Scope covered	Tier	Next review

QUALITY CHECK

- [ ] Every artifact shows its date and owner on its first page.
- [ ] Superseded versions have been moved to the archive.

WORKSHEET 05

Answer drafting sheet

USE WITH CHAPTER 9

Use for any row without an approved answer in the claim register. Two answers per page.

PRODUCT OR DEAL | PREPARED BY | DATE

ANSWER A

Question and row reference	
1 · Direct answer Yes, no, partially, N/A	
2 · Scope

WORKSHEET 06

Gap and commitment log

USE WITH CHAPTER 10

Record every known gap and every commitment you accept, before the contract is signed.

PRODUCT OR DEAL _____ PREPARED BY _____ DATE _____

Gap or commitment	Source	Current condition	Compensating control	Owner	Due	Approved by

QUALITY CHECK

- [ ] Every commitment has an owner who agreed to the date.
- [ ] Contract wording matches the log entry exactly.

WORKSHEET 07

Disclosure log

USE WITH CHAPTER 2

Track every tier 2 and tier 3 artifact you send. When a report is superseded, this tells you who holds the stale copy.

PRODUCT OR DEAL _____ PREPARED BY _____ DATE _____

Artifact and version	Recipient and organization	Tier	Terms / NDA ref	Sent	Expires / destroy by

QUALITY CHECK

- [ ] Raw penetration-test reports were shown on a call, not sent.

WORKSHEET 08

Review closeout

USE WITH
CHAPTERS 10 AND 11

Complete within a week of the decision. This is how the next review gets faster.
